

**State Energy Conservation Office (SECO)
Municipally Owned Utility (MOU) or Electric Cooperative (Co-op)
SB-924 Energy Efficiency Report
Data Entry Form**

MOU or Co-op: College Station Utilities
County: Brazos
Contact: Jane G. Sayers
Contact Title: Energy Coordinator
Address: 1601 Graham Road P.O. Box 9960
City: College Station, Texas
Zip: 77842
Phone: 979-764-3724
Fax: 979-764-3452
E-mail Address: jsayers@cstx.gov

1) Is your MOU or Co-op hereby reporting on energy efficiency as required by SB-924, PURA Sections 39.9051 and 39.9052?

☒ Yes ☐ No

2) Energy Efficiency Goals: Please tell us about the goals that your MOU or Co-op has related to energy efficiency:

Instructions: Provide a brief description of your MOU or Co-op's energy efficiency goals for the previous calendar year. Examples may include information about energy efficiency for MOU or Co-op customers or utility facilities. Supplemental information may be provided at your option on any long-term energy efficiency goals that your MOU or Co-op might have. Please use a separate sheet of paper if you need more space.

College Station Utilities' energy conservation efforts are focused on energy education and awareness, customer rebate incentives, and overall load reduction. Numerous public events throughout the year afford energy conservation personnel opportunities to educate customers on energy conservation methods and available programs. On-site energy audits are performed at no charge to CSU electric customers to provide customers with energy conservation measures designed specifically for their individual homes or businesses. Diverse rebate programs are developed and frequently assessed to ensure the best opportunities are available for any and all customers in the College Station community and that programs are mutually beneficial.

3) Your MOU or Co-op's Energy Efficiency Programs:

Instructions: Input information as applicable; add fields as necessary. For the previous calendar year, please list energy efficiency programs and provide applicable estimated achieved savings – energy and/or demand, or other program performance metric (for example participation.) Add additional lines as needed.

Energy Efficiency Program	Estimated Energy Savings or	Estimated Demand Savings or	Other Program Performance Metric – <i>Number of Participants</i>
Good Cents New Home Program	135,000 kWh	78.67 kW	30
Energy Back II HVAC Rebate Program	582,750 kWh	547.35 kW	370
Residential CFL Lighting Program	75,492	8.034 kW 23.5 kW	46 Rebates 500 Distributed
Greenlight Commercial Lighting Program	New Program	0kW	0
Sun Source Solar Photovoltaic Program	15,872 kWh Installers' Estimates	15.872 kW Installed	4
Residential & Commercial On-Site Energy Audit Program	419,020 kWh	107 kW	287
Totals	1,228,134 kWh	780.426 kW	1237

4) Program Materials / Additional Information

Instructions: Public information about your energy efficiency programs (brochures, website information, etc.) may be attached and provided with this form.

5) Please submit this form to SECO at: SB924.Reporting@cpa.state.tx.us
